LENORA ANN SAMUEL

Full stack trainer

About Me

I'm enthusiast dedicated to demystifying the complexities of these cutting-edge technologies. With a background in computer science and a passion for teaching, I've spent the past 2 years guiding individuals through the intricate realms of technology. Through engaging workshops, hands-on projects, and a knack for simplifying intricate concepts, I strive to make programming language accessible to everyone. I'm an advocate for the responsible use of technology.
